10 Science ‘Must Knows’ on Climate Change

SPEAKERS:
- Patricia Espinosa, Executive Secretary UNFCCC (@PEspinosaC)
- Johan Rockström, Chair of the Earth League and Executive Director, Stockholm Resilience Centre (@jrockstrom)
- Wendy Broadgate, Global Hub Director, Sweden, Future Earth (@WendyBroadgate)
- Hans Joachim Schellnhuber, Founding Director of the Potsdam Institute for Climate Impact Research (PIK) (@PIK_Climate)
- Moderated by Nick Nuttall, Director of Communications UNFCCC (@Nick_Nuttall)

Future Earth and the Earth League, two major international alliances of global sustainability researchers, will present a joint statement, the 10 Science ‘Must Knows’ on climate change, to Patricia Espinosa and national negotiators. The statement focuses on the current state of Earth's life support system and the risk of tipping points at 2°C. It will provide negotiators with an up-to-date assessment of the scale of change required to reduce risk and the immediate policy options to achieve this goal.
